A QUESTION WORTH ASKING

Has a heat customer been identified, or is reuse still only an intention?

Open evidence record > Save a note +

A quieter way to investigate.

Less dashboard chrome. More space for the evidence.

THE EVIDENCE RECORD

A promise, in its own words.

01 INITIAL PROPOSAL / SAMPLE EXCERPT

“The project will investigate opportunities to supply recovered heat to nearby buildings.”

An intention to investigate is not a delivery commitment.

YOUR NEXT QUESTION

Who would receive the heat, and what evidence would establish that the connection exists?
